

pERC Member - Oncologist  
Anil Abraham Joy, BSc, MD, FRCPC

Dr. Anil Abraham Joy obtained his Bachelor of Science Degree (Honors with Distinction, Specialization in Pharmacology) and Medical Doctorate (Honors with Distinction) from the University of Alberta. He is certified by the Royal College of Physicians and Surgeons of Canada as a specialist in Internal Medicine with sub-specialty certification in Medical Oncology.

Dr. Joy was promoted to the rank of full academic Professor of Oncology (Division of Medical Oncology) at the University of Alberta in 2016. He has been a staff Medical Oncologist at the Cross Cancer Institute, in Edmonton, Alberta since 2003.

His primary clinical care interests include Breast and Thoracic malignancies. He is actively involved in patient care, clinical research, medical education, cancer survivorship/advocacy and global oncology/regional disparity issues.

He has previously served in various roles for the Medical Council of Canada, as a grant reviewer to the Canadian Breast Cancer Foundation (Prairies / NWT) and National Cancer Institute of Canada / Canadian Cancer Society Research Institute and continues to serve as a reviewer to various organizations and oncology journals.

His former appointments include serving as a member on the Steering Committee on Clinical Practice Guidelines for the Care and Treatment of Breast Cancer, past Chair of the Northern Alberta Breast Cancer Program, as well as Provincial Chair of the Alberta Breast Cancer Program. He has been a long term medical advisor to both the Comprehensive Breast Care Program (Edmonton) and the Hereditary Breast and Ovarian Cancer Society (Alberta). He currently serves as a Medical Director (Edmonton) of the Alberta Cancer Research Biobank (former CBCF Tumor Bank). He was appointed to the pan-Canadian Oncology Drug Review (pCODR) Canadian Agency for Drugs and Technologies in Health (CADTH) Expert Review Committee (pERC) in 2015.
